

Sanket Gopal Pawar

Mumbai, Maharashtra | sanke87tpawar@gmail.com | [linkedin.com/in/sanket87pawar](https://www.linkedin.com/in/sanket87pawar) | [TryHackME](#) | [GITHUB](#) | [HackTheBox](#) | [HackerOne](#) | [BugCrowd](#)

Experience

TheTechUnique – Cybersecurity Intern

(Mumbai | Mar 2023 – Feb 2024)

- Performed Vulnerability Assessment and Penetration Testing (VAPT) on web applications, identifying critical and high-risk vulnerabilities to improve security posture.
- Conducted network scanning, port enumeration, and service discovery using Nmap to detect exposed assets and potential attacks.
- Executed web application security testing using Burp Suite, identifying OWASP Top 10 vulnerabilities such as SQL Injection and XSS.
- Prepared detailed security assessment reports with risk ratings, impact analysis, and remediation recommendations.

Coding Club Head

(Kharghar | Oct 23 – April 24)

- Organized and managed **technical events and hackathons**, ensuring smooth execution and high participation.
- Conducted **cybersecurity workshops and training sessions** on ethical hacking, attack mitigation, and security best practices.

Cybersecurity Government Collaboration

- Delivered cybersecurity awareness lectures and training sessions for **Mumbai Police**.
- Trained officers on cyber threats, online frauds, social engineering attacks, and safe digital practices.

Projects

DDoS Protection System for Cloud Architecture and Tool

- Designed and developed a system to detect and mitigate **DDoS attacks** in cloud environments.
- Implemented **traffic monitoring and filtering techniques** to identify malicious requests.
- Applied **rate limiting, packet filtering, and network traffic analysis** for attack prevention.
- Simulated attack scenarios to test system performance and resilience.

Conservation of Endangered Species (AI/ML)

- Developed an AI/ML-based system using voice and image recognition for species identification.
- Implemented **geospatial mapping and predictive models** to monitor habitats and track species movement.
- Identified potential environmental threats using **data-driven analysis**.

Home-Based Cybersecurity Lab

- Built a personal **cybersecurity lab environment** for hands-on practice.
- Performed **penetration testing, firewall configuration, and malware analysis**.

Skills

- Cybersecurity:** VAPT, Penetration Testing, Web Application Security, Network Security, Vulnerability Assessment, OWASP Top 10, SOC Operations, SIEM (Splunk, QRadar), Incident Response, Threat Hunting, ISO 27001, Risk Management, Firewall Administration, IDS/IPS, Digital Forensics, OSINT.
- Tools:** Nmap, Burp Suite, Wireshark, Metasploit, Nessus, OpenVAS, Splunk, QRadar, Kali Linux, SQLmap, Nikto, Hydra, Gobuster, Git, GitHub.
- Technical:** Networking Fundamentals (TCP/IP, DNS), Packet Analysis, Linux, Windows Security, Python, Bash Scripting, HTML, CSS, JavaScript.

Education

AIITS — PG Diploma in Cybersecurity

(Feb 2025 – Mar 2026)

Saraswati College of Engineering — B.E. in Computer Science Engineering (**CGPA: 7.75**)

(2022 – 2025)

Moolji Jaitha College — Higher Secondary School Certificate (**89.17%**)

(2021)

B.E. (**Honours in Cybersecurity**), SCOE Kharghar

Certifications

Linux System Administrator (TDA)

CompTIA PenTest (Mind Luster)

Cyber Threat Management (CISCO)

Wireless Penetration Testing (Mind Luster)

Achievements

Appointed as **Joint Head of Coding Club** and **Cybersecurity Head** at *SCOE Kharghar*.

Participated in a **36-hour hackathon at KJ Somaiya College**, demonstrating strong problem-solving, and innovation skills.

Awarded **Best Head of the Year** for exceptional leadership in cybersecurity initiatives and club activities.

Received an **Appreciation Letter & Trophy from an IPS Officer** for contributions to cybersecurity awareness and OSINT.

Honored with the **Outstanding Trainee Award** for excellence in internship projects and technical contributions.
